## S. P. PUTS ON NEW TRAIN

Will Double Transcontinental Service With Limited on Coast Line and New No. 8.

### NEW VALLEY TRAIN

LEAVES CITY AT 5 P. M.  
Coast and Valley Trains Will Consolidate at Los Angeles—Limited Will Lay Over There During One Day.

SAN FRANCISCO, Oct. 23.—The Southern Pacific today announced that on December 16th it would double its transcontinental train service between San Francisco and New Orleans.

A limited train is to be put on to leave this city at 8 p. m. by the coast line. It will arrive at Los Angeles the following morning at 11 o'clock and will leave Los Angeles at 9:40 p. m., reaching El Paso twenty-six hours and New Orleans the following day at 6:45 p. m., completing the run from Los Angeles to New Orleans in two days and nineteen hours. This train will have the highest class of equipment and will stop only at the important points.

Another train, No. 8, will leave San Francisco at 5 p. m., over the Valley route and at 1:35 p. m. over the coast line. These trains will be consolidated at Los Angeles and will leave there at 9:05 a. m., arriving at El Paso the next day at 1 o'clock and at New Orleans at 8:35 in the morning of the day after. This will give passengers the opportunity to leave New Orleans immediately on connecting trains or on evening limited trains for the north and east. If they travel by sea they can go aboard steamers at the Southern Pacific dock in New Orleans.

The steamers are the *Greco*, the *Mamies* and the *Antilles*. They are equipped with turbine engines, are 250 feet long and have a displacement of 10,000 tons. They have accommodations for 152 first-class, fifty second class and 500 steerage passengers.

**Standard Oil Transfer.**  
SAN FRANCISCO, Oct. 23.—The Standard Oil company of Iowa has transferred its holdings in California to the Standard Oil company of California. It is understood that the consideration amounted to several millions.

**Rescued From the Vaulagin.**  
VLADIVOSTOCK, Oct. 23.—Forty-seven of the passengers and thirteen members of the crew of the Russian coast steamer *Vaulagin* have been rescued by Chinese boats. The *Vaulagin* struck a floating mine and sank near here last Sunday.

**NEW YORK, Oct. 23.**—Terry McGovern and Young Corbett today signed articles to fight one first week in February, the scene of the battle to be where the biggest purse is offered.

## THIRTY-TWO WENT UNDER

One Survivor Was Landed at New York.

More Details of the Destruction of Houseboats in Big Storm.

NEW YORK, Oct. 23.—The solitary survivor of thirty-two men who went adrift in the large or houseboat *Holly* from Lower Manhattan Key on the coast of Florida during the terrible gale of Oct. 1, was brought into this port today by the steamer *El Paso*. He is John Russell of Russell, Taylor county, Fla., and he declared that he saw eight of the thirty-two others drowned and believes that all of them went down when the large houseboat.

Russell was adrift in a stormy sea for nearly two days, clinging to bits of the large, which he gathered together to form a raft. When the *El Paso*, bound from Jacksonville to this city, was off Alagator lighthouse on the Florida coast last Friday afternoon the lookout sighted Russell still clinging to the raft. He was quickly taken on board and received the best of care.

## FAIRBANKS SPOKE IN THE TERRITORY

At Muskogee a Big Crowd Gathered to Hear Address on Patriotism.

MUSKOGEE, I. T., Oct. 23.—In a drizzling rain, Vice President Fairbanks spoke to 7,000 people here this afternoon. Fairbanks was met at the station and escorted to the platform by a reception committee, a troop of militia acting as body guard for the vice president, and 3,000 school children lined up to greet him.

### EX-GOVERNOR IDE VISITED HONOLULU

He Says Filipinos Will Be Integral Part of United States Within Ten Years.

HONOLULU, Oct. 23.—Former Governor General Ide of the Philippines arrived here today on the steamer *Hong Kong* from Manila on his way to San Francisco.

In an interview he said that the Filipinos are rapidly learning American political methods. In all municipal affairs they elect their own officials and he predicts that in ten years they will be an integral part of the United States. He says they are more completely pacified now than ever before.

### COLORADO'S SNOWSTORM

Heaviest on Record for Month of October.

Prairie Region Covered Beneath Many Inches of Snow.

DENVER, Oct. 23.—The snowstorm which began last Saturday night still continues throughout eastern Colorado, southern Wyoming, northern New Mexico, northwestern Texas and western Kansas. Clearing weather in this region today is promised by the weather bureau. It is said to be the heaviest October snowstorm of which there is any record. The total snowfall in Denver up to last midnight was twenty inches and several inches have fallen since that hour. The temperature continues to hover around the freezing mark. This far but considerable. It is the damage has been done. According to "stockmen who are in Denver, the cattle on the ranges will not suffer greatly as a result of the storm. They are said to be in excellent condition and well able to withstand a hard storm.

Trains on both the mountain and prairie roads have been greatly delayed and some city streets have been rendered almost impassable. Obvious serious consequences have yet resulted from the storm in this vicinity.

A dispatch received from Fort Morgan, Colo., eighty miles northwest of Denver, at noon today, says: "There are two feet of snow on the ground and waves of white are coming from the north and northwest, driven by a gale. But little can be learned of the actual conditions in the country districts, as roads are impassable. If the storm continues twelve hours longer, and the weather turns very cold, thousands of cattle and sheep on the range will perish.

"Railroad traffic is interrupted. The snow is being carried in such volume by the wind that at times it is impossible to distinguish objects 100 feet distant."

The storm abated in the vicinity of Denver, but in northern Colorado it has developed into a veritable prairie blizzard.

### VALLEJO WILL ACT ON SALOON PROBLEM

Secretary Bonaparte's Letter Will Be Attended to By Mayor and Trustees.

VALLEJO, Oct. 23.—Mayor Madison wired Secretary Bonaparte this afternoon acknowledging receipt of the secretary's letter regarding the moral conditions in Vallejo, saying his letter would receive immediate attention. The mayor and trustees will meet in executive session tomorrow evening, when, he said, the saloon problem will be taken up. The mayor will be taken up regarding the licensing of the number of saloons.

CLEVELAND, Oct. 23.—The members of the family of Carter H. Harrison said today that they had received no report of his being injured seriously, although they had received word that he was suffering with lungache.

## PARKER IS NOT FOR HEARST

Former Judge and Candidate for President Talks of the Hearst-Murphy Alliance.

### MURPHY APPEALS FOR HEARST VOTE

W. J. Bryan Says Hearst Is Making a Brave Fight and Hopes He Will Win—Charles E. Hughes Speaks.

NEW YORK, Oct. 23.—There were political developments of interest today.

Chairman William J. Connors, of the Democratic state committee, appointed an executive committee to push the state campaign, and Charles E. Murphy, the head of Tammany Hall, called upon the Tammany leaders to support the party nominees with loyalty and energy.

The grand jury, which has been investigating Murphy's recent charges that independence League members were trying to "hold up" Democratic candidates, dismissed the subject as "campaign gossip."

### Candidates Busy Day

Charles E. Hughes, the Republican candidate for governor, left Kingston for a half dozen speeches in the counties of Orange, Dutchess and Westchester, and closed the day's work with an evening meeting at Elmore.

William B. Hearst spent the day in town, addressing three city meetings tonight.

### Alton B. Parker's Views

The judiciary nominators held a meeting at Carnegie Hall tonight in the interests of an independent judiciary. Among the speakers were Joseph H. Choate, former judge Alton B. Parker, and former Secretary of the Navy Benjamin F. Tracy.

Alton B. Parker, after saying that he had left the bench never to return, paid a ringing tribute to his former associates and the present members of the state courts and appealed to his audience to vote for judges known to be free of political bias and political bosses.

"The evidence is unmistakable," continued Judge Parker, "that the leader of Tammany Hall realized that the only opportunity he would have for patronage this year would be in this judicial ticket. Do you suppose there would be any inducement for him to place his hand in the hand of the men who had denounced him as a corrupt politician and a criminal and had pictured him with stripes upon him and a ball and chain to his feet? And yet he did it. He did more. Aspiring to be the leader of his party in the state, he nevertheless went to a convention and there, by his will and by his force and by his ability to command, turned a majority into a minority."

### Murphy's Appeal

Charles F. Murphy tonight authorized the following statement: "Tammany Hall will be absolutely loyal to the whole Democratic ticket from top to bottom, and I believe it will vote a very heavy majority in New York."

"The present movement is of far greater importance than the personal or political preferences or grievances of any individual. It is a revolt of the people throughout the entire country against the domination of government in all its branches by the trust monopolies, which have increased the cost of living for every man, woman and child by stifling, through the secret relations they enjoy, legitimate competition in every field of industry and have even attempted to invade the independence of the courts."

"I am not at all sure whether the corporate monopolies shall control the government, or if the government control the corporations."

"On this issue there can be no doubt of Democratic success."

William B. Hearst, in popular estimation, has become the embodiment of this widespread revolt against special privileges and the corruption they have engendered.

"It was the recognition of this fact, and the strong demand for his nomination throughout the state, that led Tammany Hall to decide to cast their votes for him at the Buffalo convention."

Banker Sent to Jail.  
JOLLIET, Ill., Oct. 23.—Howard S. Barker, president of the bank at Joliet, Ill., which recently failed, pleaded guilty to two indictments for embezzlement and was given concurrent sentences of one to a year.

## PHOENIX MERCHANTS HELD FOR CONSPIRACY

Federal Grand Jury Returned Indictments Against Ice, Lumber and Meat Dealers.

PHOENIX, Ariz., Oct. 23.—Alleging intrusion of the anti-trust law, maintaining of combinations in restraint of trade and arbitrary fixing of prices, the federal grand jury here today returned indictments against the Peoples' Lumber and Ice company and the B. Lunt, representing two ice factories, the B. Lunt Lumber company, the E. W. Chandler Lumber company, the Valley Lumber company, H. W. Rice and H. P. Hurley and S. J. Trillock and the Phoenix Wholesale Meat and Produce company. Hurley and Trillock are the active managers of the latter concern, between them owning all the best markets. Because of the standing of the persons indicted, they were not taken into custody, but were instructed to appear in court Thursday.

### MAYOR WEAVER STOPS "THE CLANSMAN"

Demonstration By Colored Citizens Led to Order, Which Will Be Opposed.

PHILADELPHIA, Oct. 23.—Mayor Weaver today issued an order suppressing the further production here of the drama "The Clansman," which began last night and which was to have had a week's engagement at the Walnut-street theater. The mayor's action was prompted by the demonstration last night of the theater by several thousand colored citizens.

The management of the play will tomorrow go into court and apply for an injunction restraining the mayor from interfering with the production.

## THANKSGIVING PROCLAMATION

Thursday, November 29th, Is to Be Observed.

A Day of Thanks and Supplication for Power to Use Gifts Aright.

WASHINGTON, Oct. 23.—The President today issued a proclamation naming Thursday, November 29th as a day of thanksgiving.

The text of the proclamation is as follows: "The time of the year has come when, in accordance with the wise custom of our fathers, it becomes our duty to set aside a special day of thanksgiving and praise to the Almighty because of blessings we have received and of prayers that these blessings may be continued."

"Yet another year of widespread prosperity has passed. Never before in our history or in the history of any other nation has a people enjoyed more abundant material prosperity than is ours. A prospective great that it should arouse in us the spirit of reckless pride and boast of all, a spirit of heedless disregard of our responsibilities; but rather a sober sense of our many blessings, and a resolve purpose under Providence not to forfeit them by any action of ours."

"Material well being, indispensable though it is, can never be anything but the foundation of true national greatness and happiness. If we build nothing upon this foundation, then our national life will be as meaningless and empty as a house where only the material being must be built a superstructure of individual and national life, lived within the laws of the highest morality, our chief prosperity itself will in the long run turn out a curse instead of a blessing. We should be both reverently thankful for what we have received, and earnestly bent upon turning it into a means of grace and not of destruction."

"Accordingly I hereby set apart Thursday, the 29th day of November next, as the day of thanksgiving and supplication, upon which the people shall meet in their homes and churches, devoutly acknowledging that which has been given them and to pray that they may in addition receive the power to use these gifts aright."

"In witness whereof I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington, this twenty-second day of October, in the year of our Lord, one thousand nine hundred and six, and the independence of the United States the one hundred and thirtieth."

"THEODORE ROOSEVELT."

(Seal.) By the president: Elhu Root, Secretary of State.

### WYOMING BLIZZARD

CHEYENNE, Wyo., Oct. 23.—Wyoming is in the grasp of the worst blizzard in the history of the state. (The blizzard) people they have never seen anything to equal the present storm, which has raged for two days. All railroad lines out of Cheyenne were blocked today.

### Hill and Harriman Conference

CHICAGO, Oct. 23.—Conference on being held in Chicago between the Hill and the Harriman forces with a view to settling some of the differences which exist between them in the Northwest regarding construction work on new railroad lines.

## FILLING UP CABINET PLACES

Changes Announced at the White House to Take Effect When Vacancies Occur.

### SHAW AND MOODY RETIRE EARLY NEXT YEAR

Cortelyou Succeeds Shaw; Meyer Takes His Place; Bonaparte, Attorney General; Metcalf the Navy.

WASHINGTON, Oct. 23.—The following statement regarding prospective changes in President Roosevelt's cabinet was made public tonight at the White House: "On the retirement of Secretary Shaw and Attorney General Moody, changes will be made: "Secretary of the Treasury—George B. Cortelyou. "Postmaster General—George Van L. Meyer. "Attorney General Charles J. Bonaparte. "Secretary of the Navy—Victor D. Metcalf. "Secretary of Commerce and Labor—Oscar S. Strauss."

The general understanding for some time had been that Attorney General Moody would retire on Jan. 1st, and that Secretary Shaw would follow him on March 4th, at which time Meyer is to become postmaster general. The fact that Meyer was to have a place in the cabinet has been known for some time, but the name of Strauss has been mentioned only incidentally in connection with the circle of the president's advisers.

The transfer of Cortelyou to the treasury, Bonaparte to the attorney generalship, and Metcalf to the navy has generally been expected among the probabilities for some time, although it has been known that both Bonaparte and Metcalf were for a time both to leave their present positions because they had become so fully identified with the work of their respective departments.

Meyer, who will become postmaster general, will take Secretary Shaw's place on March 4th, at which time Meyer is to become postmaster general. The fact that Meyer was to have a place in the cabinet has been known for some time, but the name of Strauss has been mentioned only incidentally in connection with the circle of the president's advisers.

The appointment of Strauss caused considerable surprise, as it will be the first case where a citizen of the Hebrew faith has been made a member of the president's cabinet. He was born in 1841 and is well known as a merchant, diplomat and author. He represented the United States as minister for four years in different countries and was appointed by President Roosevelt to fill the vacancy caused by the death of former President Harrison as a member of the permanent court of arbitration at The Hague.

### COURT MARTIAL WILL TRY CAPTAIN COLE IN THE PHILIPPINES

MANILA, Oct. 23.—A general court martial has been called to try Captain W. Cole, of the United States army, on the charge of complicity in alleged irregularities in that department. Captain Cole applied for a military trial, saying the statute of 1890, which gave the secretary of war the power to order a trial by court martial, had not yet been repealed.

### MEXICAN REBELS.

EL PASO, Tex., Oct. 23.—Mexican authorities across the river from El Paso today discovered eleven rifles and powder and dynamite hidden in a hut in Juarez, where revolutionists have been meeting. The mayor of Juarez and Mexican Consul Mallon of El Paso declare that reports captured on guerrillas in this city and Juarez show that they planned to take Juarez by force and capture and loot banks.

### HELLMAN'S WILL.

LOS ANGELES, Oct. 23.—The terms of the will of the late Herman W. Hellman, the banker, were made public today. The will is an autograph document and leaves his fortune in its entirety, excepting \$10,000, to his children, to his immediate family, to his widow and the remainder to his children. The estate is valued at \$1,000,000.

### SMUGGLING CHINESE.

VICTORIA, B. C., Oct. 23.—Officials of the Chinese smuggling into Canada by the Japanese schooner *Sofian Maru*, now seized by the customs, which was found a crew of 300, have been arrested and at least fifty more are said to be at large. The schooner was well packed to run the coastlines into Canada, but were brought by the Japanese.

## FISH HAS SOLD OUT TO E. H. HARRIMAN

Disposing of One-Third Interest in Railroad Securities Company.

NEW YORK, Oct. 23.—The Tribune tomorrow will say: "Stuyvesant Fish, president of the Illinois Central railroad, has sold to E. H. Harriman, it was learned yesterday, his one-third interest in the Railroad Securities company, of which he has for several years been president and Harriman vice president, and has resigned as an officer and director of that corporation."

The Railroad Securities company, upon its organization, acquired 300,000 shares of Illinois Central stock, against which it issued \$3,000,000 in collateral trust bonds, which were subsequently exchanged for stock certificates. The Illinois Central had a new aggregate 94,750 shares. Fish and his friends, owning a two-thirds interest in the security company, have now traded the entire 94,750 shares of Illinois Central held by the company.

It is understood that Fish receives from Harriman payment for his interest in the Railroad Securities company partly in cash and partly in Illinois Central stock, the amount of the latter delivered to him being something in excess of \$1,000,000.

Harriman's offer to buy out Fish's interest is said to have been made a few days before the annual meeting of the Illinois Central directors last Wednesday in Chicago.

### Bank Cashed Under Arrest.

JASPER, Ind., Oct. 23.—Charles Belcher of Huntington, this county, was placed under arrest today on the charge of having embezzled \$24,000 of the funds of the Peoples' bank at that place, of which he was formerly cashier.

## LOST MONEY ON CONTRACT

Los Angeles Firm Sued by an Annuitant.

In Return for Loan They Pledged Support of Couple for Life.

SAN FRANCISCO, Oct. 23.—A suit for specific performance of an annuity contract, by which the firm of Jacoby Brothers of Los Angeles, bound itself eleven years ago to support S. Davis and his wife until death claimed from both, was filed today in the county clerk's office.

The complaint set forth that in 1895 Mr. and Mrs. Davis loaned the firm of Jacoby Brothers the sum of \$50,000, compensating the savings of their lifetime. It was because the firm failed to keep its promise and which led to the "Jacobys" from "the time" the contract was entered into.

In return for this it is alleged that Jacoby Brothers agreed to pay \$50 per month for the support of the couple until one of them died, and then \$100 per month to the surviving one for life, and also to pay the burial expenses and erect a monument over the graves of the first to pass away.

The contract was kept, says Mrs. Davis, until her husband's death in February. Then she declares, the defendants failed to pay the \$500 burial expense and have since March 1st failed to pay her the monthly allowance.

During the time that has elapsed since the contract was entered into, Jacoby Brothers have paid over \$100,000 in return for the advance made to them years ago. The firm has recently offered to pay the outstanding funeral bill and gave Mrs. Davis \$100 in cash for a release from the contract, but this has been refused and the matter will be fought out in the courts.

### BRYAN IS SPEAKING FROM ELECTRIC CAR

He Told Street Workers Their Only Hope Is in the Democratic Party.

INDIANAPOLIS, Oct. 23.—The day's work of W. J. Bryan through Indiana closed here tonight with a brilliant speech at a Democratic Association. Bryan, who was in the city through the central section of Indiana, the day's party occupying a special electric car.

He was in an electric car, instead of a private motor, as an innovation in political campaigns in the Middle West.

At Kokomo Bryan spoke to the employees of the steel mill, at the request of his managers, who are having a heavy drive of steel billets. Bryan said: "You have here a steel mill that you are proud of, and you think that you can pay it a while, but the time will come when you will be making it impossible for the Democratic party to make it impossible for a private monopoly to exist in the United States."

## TRAINMEN DEMAND 8 HOURS

Most Extensive Movement in Recent Years Has Been Begun By the Brotherhood.

### BACKING UP APPEAL OF THE SWITCHMEN

Every Railroad West of Pittsburgh and Buffalo in the United States Is Involved—Demand Made in 12 Cities.

CHICAGO, Oct. 23.—The Brotherhood of Railroad Trainmen, on behalf of its switchmen, today presented demands to all the railroads entering into Chicago for an eight hour day. The brotherhood's action follows that of the switchmen's union, which presented similar demands some time ago, but the movement is independent of each other. The railroads, however, will be obliged now to deal with practically the whole organized strength of the brotherhood instead of the fractional part represented by the switchmen's union. In this respect the movement is the most extensive attempted by the railroad organizations in many years.

Every railroad west of Pittsburgh and Buffalo in the United States is involved. In Chicago, the twenty-three trunk lines and the short belt lines and private roads owned by corporations are all called upon to comply with the switchmen's request.

"While the brotherhood's demands were presented to the railroads simultaneously in a dozen large cities, the main movement originated in Chicago after a conference which lasted two days and was attended by President Morrissey and other officials of the Trainmen's Brotherhood. The orders to make the demands in outside cities were telegraphed tonight by President Morrissey."

## GOUT AND FRANCE CAUSE PONTIFF PAIN

His Holiness Suffers Bodily and Mental Anguish from Ailments and New Cabinet.

ROME, Oct. 23.—The pontiff is suffering from a slight attack of gout and has been ordered to take rest. At a late hour tonight the pains gradually diminished and he fell into a peaceful sleep.

The composition of the Clementine cabinet has produced a most unfavorable impression at the Vatican. The pope is quoted as saying that the cabinet of Papalists has greater pain than any political sufferings.

### CARTER H. HARRISON REPORTED INJURED

Former Mayor of Chicago Is Being Brought Home from Canadian Trip.

MONTREAL, Oct. 23.—Former Mayor Carter H. Harrison of Chicago was taken on this morning from Montreal, Ontario, to his home in Chicago, suffering from a severe cold and fever, and possibly from pneumonia. With a party of friends he was being brought back of Chicago when he was injured during a portage.

## ANNA HELD WAS ROBBED

Jewel Satchel Taken from Her Stateroom.

She Values Gems, Money, Papers and Bank Books at \$161,000.

CLEVELAND, O., Oct. 23.—The police of this city are working diligently to uncover the whereabouts of \$161,000 worth of jewels, which Anna Held, the actress, reported were stolen from her on a Pennsylvania train while coming into a Cleveland early Monday morning.

The gems, said to include many very valuable and valuable pieces, were stolen from Mrs. Held's state room while she and her husband were stopped on the train. The jewels were in a small hand satchel, which also contained some money and papers, bank books, etc., which Mrs. Held said she valued at \$161,000.

THEY'RE NEW HALLOWEEN NOVELTIES.

## WATERMELON DEALER SUES

Asks \$20,000 of Farmer Terry for Malicious Arrest.

Sentence of Willie Helm Now Postponed to Monday, November 5th.

Early in last September, A. M. Terry, a farmer living near Selma, had G. W. Allen arrested on a charge of embezzlement, claiming that the latter had refused to make an accounting for watermelons delivered to him for sale. Allen claimed that he had not yet made an accounting, and that the watermelons were about to be tried in the justice court, when it was found that the complaint was defective, and proceedings ceased. Now, Allen has begun a suit against Terry for \$20,000 damages for malicious arrest. J. D. Taylor is his attorney.

Allen, in his complaint, declares that Terry had him arrested out of pure malice, wishing to injure the watermelon business, and that he had to pay a lawyer \$20 to defend him.

Sentence Continued to Nov. 5th.

Judge Church stated yesterday afternoon in court that he would be unable to be in court next Monday, and would therefore defer to have the sentencing of Willie Helm on the Hayes murder charge continued for a few days. On agreement of the attorneys in the case, the matter was continued to Monday, Nov. 5th, at 10 o'clock.

Attempt at Release Failed.

J. H. Noll, sentenced by Justice Tucker on the 5th of this month to serve ninety days in the county jail for disturbing the peace, yesterday made an attempt to get out of Orangeville on a technicality, but failed. A writ of habeas corpus had been sworn out by Attorney Ernest Kleit on the ground that Noll had not waived his right to have six hours' counsel between the time that he pleaded guilty and the time that he was sentenced.

Deputy District Attorney Kunkle resisted the release of the man on the ground that the error referred to, if it were an error, could only be used in an appeal, not in the obtaining of a writ of habeas corpus.

Judge Church did not settle this point, but denied the writ on the ground that there was no showing that Noll had made any objection at the time sentence was passed. It was held that his having "fired" to object to immediate sentence constituted a waiver of the statutory right. Noll was taken back to jail by Deputy Sheriff Pickett to serve out his time.

Two New Suits.

The Valley Water company yesterday began suit against J. W. Livermore to collect on bonds delivered to the defendant within the last three years. The total bill amounted to \$10,533.30, but \$444.12 had been paid on this, leaving a balance of \$10,089.18. L. L. Cory is attorney for the plaintiff.

R. J. Padon, having failed to pay his water assessment on 160 acres of land west of town, suit was begun against him yesterday by the Fresno Canal and Irrigation company to collect \$77.50. E. J. Guden, U. R. G. Glenn, the People's Savings bank of this city and certain unknown parties are named as having minor claims on the suit.

Probate Matters.

The estate of Harriette E. Hoag, deceased, was ordered assigned to John H. Hoag, her husband, who had bought up the rights of her heirs, two sons and two daughters by a first marriage. The only property is lot 132 in Central California.

Mrs. Mary E. Moore obtained a final allowance of \$50 a month from the V. R. Moore estate. The petition showed that the estate amounts to \$3550.

BARTON ANNOUNCEMENTS.

"The Maid and the Mummy" Friday Night—Elleford's Stock Company.

Ida M. Tarbell says that John D. Rockefeller looks "like the oldest thing in the world—a living mummy." "The American Croesus doesn't look half as old nor half as dull as the mummy that he helps to give life to in Rockefeller's mummy museum play, "The Maid and the Mummy," which will be presented for one night only at the Barton next Friday night, October 20th.

Mr. Taylor has written four musical plays, but none has enjoyed such public favor as "The Maid and the Mummy." This piece was presented for three months in New York, for three months in Philadelphia and for three months in Chicago. This season it is playing nearly all return engagements. Two song hits, some new jokes and several new dances have been put into the piece during the past summer by Mr. Taylor, so that when "The Maid and the Mummy" appears here it will be a better, better and more beautiful than ever. The sale of seats is now open.

The Elleford Stock Company.

Next Monday night at the Barton the Elleford Oakland Stock company will open a six nights' engagement, and Saturday matinee and the following criticism is from the Stockton Record of October 15th:

"The Elleford Oakland Stock company, which opened a six nights' engagement at the Yosemite theatre last night, broke all former records as to the attendance. Every available space was filled with people standing, all anxious to witness 'The Maid and the Mummy,' which is a Southern melodrama."

"Billy Ellard seems to know what the people of Stockton want in the form of amusements, and the way the audience applauds is a sign that they appreciate the company's efforts. Next Monday as Colonel Greave gave a strong rendition, James Corrigan, well remembered by a great many Stocktonians, was as funny as ever. William Adams showed strong ability. Rupert Drum, the villain, earned for himself a large round of applause. Agnes Williams, as Little Mamma, was sweet in the part. Pauline Maitland in the negro monologue was amusing in the extreme. George Woodworth's work was above the average, and Etienne Warfield, as Leota, was hated by every one in the audience for her dislike to Little Mamma."

The seat sale for the engagement at the Barton will open next Thursday morning at 9 o'clock; prices 10, 20 and 30 cents.

TULSA, Oct. 23.—Vice-President Charles W. Fairbanks traveled through Indian Territory today, speaking in fourteen different cities from the rear platform of his special train. Tomorrow he will make a run through Arkansas. There was a big crowd here to greet the vice-president.

## ROBERT E. SPEAR AT PRESBYTERIAN CHURCH

All of the denominational churches have suspended their midweek meetings this evening to hear Robert E. Spear of New York at the First Presbyterian church. Mr. Spear is secretary of one of the departments of foreign mission of the Presbyterian church, and has been on the coast attending the synod at San Rafael. There he lectured and inspired him to speak in Fresno on his way home. He is a business man, of study, research and travel. He spoke at Palo Alto last week and later addressed an audience of 2000 in the Greek theater at Berkeley.

Atlanta Post Resolution.

At a regular meeting of Atlanta Post, No. 32, G. A. R., held on Oct. 20th, the following resolution was unanimously passed:

Resolved, that the adjutant is hereby instructed to publish a notice in one or both of the daily papers, notifying the public that one G. H. Bonham, candidate for county recorder, claiming to be a Grand Army man, is not a Grand Army man and could not become one, and having been mustered into any regiment during the civil war from 1861 to 1865.

H. V. PARKER, Adjutant.

## MENDOTA MEN FACE CHARGE

Selling Liquor to Lads and Battery.

Saloon Men Assault Relative.

Who Protested to Boys' Whisky Supplies.

An alleged effort on the part of Jesus Palma and F. Samara to gather in a snug little revenue by supplying lads with liquor at Mendota some few days ago has developed into a charge on that count against the two men in addition to a charge of several specifications of battery in connection with the arduous vindication of their cloudy names by the jagged owners.

The case now stands something like this, and may yet be embellished by even a few more names of complainants. Jesus Palma and his companion Samara peddled whisky to whoever might come, making no discrimination on a mere matter of age. Two festive youths of tender years, emulating the example of the men seen emerging from the place, invited their penitents in strong drink and were served, it is alleged, every thing they presented themselves. The boys were A. O. Soper, T. J. Moran and U. J. Myers.

The friends of the boys objected to seeing the lads filled nightly with loads of booze and expostulated with the whisky dealers. Perhaps the protest was more vigorous than necessary, but he this is it may, J. C. Myers got assaulted by Samara and Palma. A little later, the hostilities merged into a fight between Samara and two men named R. Selze and V. Belli, and the two last-named were defeated sufficiently to induce them to swear out warrants for battery.

When all this had been settled, two men named L. Pucill and A. Monari became involved in the imbroglio somehow, and were also beaten up. In this instance Palma was said to be the aggressor.

As things now stand, the two saloon men are up against five charges of battery, besides having to answer charges of supplying liquor to minors. All of this happened on October 14th, and the case came up before Justice Bond.

Yesterday Justice Bond arrived in town and brought numerous papers in the case, which he deposited with Judge Smith, who will now handle the case, as the two accused men have for a change of venue on the ground of being unable to get a fair and impartial hearing in the court of the Mendota justice of the peace. The defendants are out on \$100 cash bail each and will appear here for trial when the date is set by the office of the district attorney.

NEWS OF VISALIA.

Trip from San Jose Made in Automobile in Seventeen Hours.

VISALIA, Oct. 23.—An action was brought today by M. Brannan of Dinuba against Grant Oliver of that town to compel him to vacate a store which he has under lease. It is claimed in the complaint that Oliver secured a lease for two years until September 24th of this year but that he has since refused to vacate. Plaintiff claims damages to the amount of \$1000 also further damages to the amount of \$50 on account of sixteen holes bored by defendant above the show windows. Edwards & Smith are attorneys for plaintiff.

An action has been begun by a number of workmen against J. E. Hubbard, Chas. Hubbard, Arley Hubbard and the Holt Manufacturing company to collect wages for work on a harvester during the past two years. The amounts are as follows: C. J. Edwards, \$275; Luther C. Carr, \$150; Nelson Squire, \$175; Miss Nellie B. Peterson, \$25; Mrs. Martha M. Hall, \$25. Plaintiff claims that the Holt Manufacturing company has some engine and other parts of the outfit which is asked to be sold to pay the various sums mentioned.

A payment has been given in favor of plaintiff in the case of S. R. Palmer against T. E. Witt, et al, quieting title in property described as the northwest quarter of section 20-21-29.

Michael T. Kibbe, A. Ballaster and C. E. Kibbe arrived in this city last night from San Jose, having made the trip in an auto. The property of the road was seventeen hours, an average of over twelve miles an hour for the 210 miles of distance, an excellent record considering the fact that the roads are bad and bridges are washed out in several places. The Messrs. Kibbe are well known in Visalia where they formerly resided. They will go to the lake on a duck hunt before returning north.

Mr. and Mrs. J. C. Hays have returned from Oakland, where the latter had been spending several months.

Mrs. S. C. Brown and Miss Helen Brown and Mrs. N. O. Bradley and Mrs. Christina Bradley were visiting in Fresno today.

## LOWER COURT DAILY GRIND

Gus Blum Starts Fight in Butcher's Shop.

Is Arrested on Charge After Getting Sound Pounding By Proprietor.

Gus Blum, a butcher, who is addicted to periodical stings, got an idea into his head yesterday morning that Fred Anderson, in whose butcher shop on Mulholland street he had formerly worked, owed him 25 cents for something. Blum was drunk and in a quarrelsome mood and thought it might be a good opportunity to go and stir up some trouble over the matter. The shop had several late customers inside when he arrived, but this fact by no means deterred him from opening the vents of his wrath in loud terms upon Mr. Anderson. The butcher ordered him out of the place, pointing to the ladies as

[Selma Harris, with "The Maid and the Mummy," at the Barton Friday night.]

a sign that he did not want any trouble in their presence. Blum refused to budge and grew grossly insulting. Anderson then dropped everything and put the fellow into the street and received a blow in the struggle. The two men then began to fight in the roadway, and Blum was getting the worst of it when Officer Minkler arrested him on a charge of disturbing the peace. No charge was made against Mr. Anderson, as it was apparent that he only acted on the defensive and threw Blum out of his store to protect his customers from the foul language of the drunken man.

Boys Will Be Tried on Friday.

The two lads, Hugh Adams and Chester Boles, charged with stealing pigeons, will have their examination on next Friday. Both strenuously deny their guilt, while the prosecutor strongly seems convinced that the boys are guilty of the charge. The Adams boy has been in bad water before and appears to be the leading spirit in the delinquencies with which the two are charged.

Floater for Fitzworth.

On the earnest pleading of family friends of Hugh Fitzworth, who is respectfully connected, he has been given a chance to leave town and give some other place a chance to handle him. He has been drunk and in trouble many times and appears to be an inveterate soul. A few days ago, when arrested for the last time, he was loaded to jail in an express wagon and was too drunk to appear in court for a day or two afterward. Despite this fact, however, he had the effrontery to plead not guilty yesterday and claimed that he had been wrongfully jailed. He afterwards admitted his guilt and got a heater.

E. M. Smith, who claims to be a veterinary surgeon, pleaded not guilty to a charge of molestation. He was remanded to jail in default of \$100 bail. Smith came here recently from the Puget Sound and started out on a spree. He was detected in the act of terrifying women near the working house on C street on Monday night and was arrested by Officer Frankhate.

John Allen (alias) claimed that he was on his way to Los Angeles when arrested from the Owl by Policemen Drouth and VanMeter on Monday. He had sent on his clothing and produced the baggage check. He was released with a suspended sentence of twenty days by way of a judicial God speed of his journey.

PRESIDENT APPOINTED AMERICAN DELEGATE TO PARIS CONFERENCE

PARIS, Oct. 23.—President Roosevelt has called to American Ambassador McCormick designating Secretary Vandenberg of the American embassy to represent the United States at the conference for the submission of the "White Slave" trade which opened here yesterday. The object of the congress is to secure the effective cooperation of the various national committees, especially in the protection of immigrant women at the ports and also in connection with legislation providing for the punishment of traffickers in "white slaves."

MOROCCO REBELS.

TANGIER, Morocco, Oct. 23.—Mohammed el Fassi, the representative of the sultan, has not sent any troops to Arzila, which is still in possession of the Benharis tribesmen, who are terrorizing the town, pillaging the shops and beating the Jews. The Spanish legation here is protesting energetically against the outrages, as many Spanish subjects have been maltreated.

BOY THUG SENTENCED.

LOS ANGELES, Oct. 23.—Charles Smith, 22 years of age, who came here from Chicago and organized a youthful band of highwaymen who held up and robbed many people during the month of September until they were captured by the police, was today sentenced to twenty-six years in Folsom. Harry Magpie, 18 years of age, a Los Angeles youth and an accomplice of Smith, was given eighteen years. Others remain yet to be tried.

THREE PLANS SUBMITTED

Architects Design New County Almshouse.

Board of Supervisors Laid Them Over Until November 9th.

Three different firms of architects yesterday submitted plans to the Board of Supervisors for the building of a new almshouse for this county. The plans were taken under advisement until Friday morning, Nov. 9th.

Plans were submitted by A. C. Swartz and E. Mathewson of Fresno and by Henry W. Starbuck of Oakland, and the latter of whom is associated A. W. Clark of this city. All the three plans are somewhat alike, those of Mathewson and Starbuck especially conforming somewhat to the present county hospital, near which the almshouse is to be located. The design is wide, rather than deep—the two latter plans having arched open corridors around the wings. Swartz's plan calls for a greater floor area on the second floor. Starbuck's plan has the second story only in the center, the wings being but one floor in height. The latter furnished a framed perspective, while Mathewson's plans are carefully gotten up with water colors.

Starbuck furnished an estimate with his plans, saying that they would cost \$29,500. Swartz's estimate was for \$28,500.80, while Mathewson furnished no estimate, but offered to furnish a bond to guarantee that bids would run under the \$30,000 limit.

Firebaugh Bridge.

Bids for the construction of the Fresno side approach to the Firebaugh bridge were opened and taken under advisement until this afternoon. J. E. Schellberger forced to do the contract for \$1095, while Vincent Bell said he could do it for \$1195, over one-third less.

Taft's Western Trip.

WASHINGTON, Oct. 23.—Secretary Taft announced today that he probably will be compelled to abandon his speaking engagement in Denver on November 1st, as it would be practically impossible for him to speak at Omaha on the evening of October 31st, then stop in Denver and make his Idaho engagement. It is not known positively just what days he will be in Pasadena and Boise.

### WEATHER

WEATHER. SAN FRANCISCO, Oct. 23.—Forecast: San Joaquin valley—Fair Wednesday; light south wind.

FRESNO, Oct. 23.—Official readings at 5 p. m.: Temperature, dry bulb 73; Temperature, wet bulb 49; Humidity 23; Wind, south, miles per hour 4; Maximum Temperature 75; Minimum Temperature 45; Fair, warmer, Wednesday.

A storm of considerable energy is central over the lower Mississippi valley, with a lateral extension across the southern border of the country from Lower California to the Atlantic coast. It has caused general rain or snow over the South Rocky mountain districts, Nebraska, Kansas, Texas, the lower Mississippi and Ohio valleys, the lower lake region and the Atlantic seaboard. It is snowing at Denver and North Platte. The weather is generally cloudy, with moderately high temperatures from the Mississippi valley eastward. A severe cold wave accompanies the area of high pressure, which is now central over Wyoming. Generally fair weather prevails over the region affected by this high, with temperatures below the freezing point over most of the western half of the country. On the Pacific slope, the weather is cloudy along the northern coast and clear over California, with favorable conditions for fair, warmer weather at Fresno and vicinity. J. P. BOLTON, official in charge.

UPSON IS AGAIN IN POLICE TOLLS

Is Arrested With Woman Who Recently Arrived Here in His Employ.

J. P. Upson was again arrested yesterday afternoon on the same old charge that has earned him the odium of the police and resulted in his arrest many times between Saturday and Sunday. This time he had a woman with him who was included in the raid. She is Bern Williams and is a recent arrival in these parts. They were booked on vagrancy charges and released on an order signed by Judge Briggs. Upson claims that he is able to keep it up as long as the police and assumed an air of martyrdom at being persecuted while others of his ilk are allowed to live his mode of life and escape scathless. The raid was made by Officers Walton, Kennedy and Enos.

CHINKS ARE AGAIN RAIDED FOR GAMBLING

Three Are Gathered in Jail for Lottery and Pantan Gaming

Three Chinamen were raided last night by Officers Enos and Kennedy for gambling in their place on Tulare street and China alley. Two were charged with playing pantan while the third had lottery tickets in his possession. The lottery men bore the misfortune of Ali Jack and his companions in prison were respectively called Yee On and Ah Sing.

German Republicans Hold Meeting.

The German Republicans held a meeting and rally last evening in the Rajala City restaurant. About fifty were present, presided over by G. J. Fries. All the proceedings were carried on in German, with the exception of a speech made in English by S. B. Tomber. Other addresses were made by John Starckel, Peter Schmidt and William Legeher. Afterward, refreshments were served.

FIERCE FOREST FIRE IN MARIN COUNTY IS UNDER CONTROL

SAN RAFAEL, Oct. 23. The forest fire which has been raging for two days over the wooded portions of Marin county, near Camp Taylor, is now under control. It was announced this morning that the efforts of the fire fighters had proven successful and that the progress of the flames had been checked. The fire, which was evidently started by campers, burned over a territory of about 500 acres and destroyed much valuable timber besides destroying livestock, ranch houses and grain. It approached very close to Camp Taylor.

## WANT GILLETT AT HANFORD

Special Train to Whisk Him Over and Back.

Republican Meeting at Temperance Colony—Phelan to Speak Tonight.

The Republicans of Hanford want Gillett to speak there Saturday evening and hope to arrange a special train to take him to Hanford upon his arrival here and bring him back in time for the big Fresno meeting. Gillett's itinerary did not provide for a visit to Hanford, but the Republican leaders are using every effort to get him to make the side trip, even if he should have time only to say a few words. According to the original program, Gillett was to arrive here at 6 o'clock Saturday evening, but an effort is now being made to bring him here at 3 in the afternoon, which would allow of the Hanford trip.

The Gillett-Needham meeting in Fresno Saturday night will be the big political event of the campaign and much interest is being taken in it throughout the county. In addition to the speakers already announced, a special will come in from Davis.

At Temperance Colony. A well attended Republican meeting was held last night at Temperance Colony. The hall was taxed beyond its seating capacity. Quite a number of Democrats were present and there was much good natured bantering. W. A. Patton acted as chairman. Nearly all the county candidates were present.

A. M. Drew had as one of his hearers, his opponent, T. J. Alexander. Mr. Drew spoke of the work of the legislature. He also explained that the poll tax, which his opponent advocates doing away with, is devoted entirely to roads and schools.

J. P. Bornhart discussed the tariff and its relation to the raisin industry. He compared local conditions under the Wilson and Dingley tariff bills. The speaker described Gillett's nomination at the state convention as being independent of railroad influence.

M. B. Harris dealt upon the dilemma of the Democratic party finds itself in with Bryan supporting Hearst and Hearst denouncing Bull. Harris spoke of Needham's good work in congress and the position of leadership he has attained in matters affecting California. He spoke of the importance of having a representative on the Ways and Means Committee and that Needham was in line for the chairmanship of this most important committee.

Harris also spoke briefly of the county candidates present, all of whom had made a few remarks for themselves.

Isaac Coherly of Clovis, candidate for justice of the peace, made a very good impression. He is an attorney and therefore has qualifications not often found in a candidate for justice of the peace.

Phelan Tonight. Tonight in the Hanford opera house James D. Phelan will speak in the interests of Bull's candidacy. George W. Cartwright will also speak. Judge M. K. Harris will preside at the meeting.

PERSONAL MENTION.

E. D. Harris of Oakland is on the register of the Sequoia. He will leave for Visalia this morning.

Dr. Cartwright and wife of San Francisco spent yesterday in this place en route to San Bernardino.

## GILLETT WILL WIN

John C. Lynch Expresses Opinion.

Thinks, However, that Theodore Bell Will Prove Formidable Competitor.

J. N. Gillett will win in the gubernatorial race and easily outdistance his competitors, thinks John C. Lynch, collector of Internal Revenue for the Southern district, now on an official visit to this city from San Francisco. Mr. Lynch arrived here yesterday morning and returned from a trip out to neighboring wineries last night. He will leave this evening for the north.

In discussing the political questions of the hour, he remarked that Gillett's success appeared a matter upon which little doubt can exist, even by the most sanguine supporters and staunchest opponents of the other aspirants for the office.

"I have just returned from a southern trip in the interest of the Internal Revenue office," stated Collector Lynch, "and on all sides are to be witnessed evidences of what the future will bring forth. The people's choice, of course is widely scattered and each candidate has his supporters who swear by this or that man. But in reviewing the general outlook and taking heed of the various centers of strength and weakness, one cannot fail to see just where Gillett stands in the favor of the voters. Not only is he strong at all points, but his strength seems to gain momentum as the campaign progresses, and leaves no perceptible showing of weakness anywhere behind him. Of course, it is almost impossible to hazard even a new guess in the matter of majorities, but I think it is safe to say that he will carry San Francisco by at least 20,000; Los Angeles by from 15,000 to 20,000, and other sections like for instance San Bernardino and others with something like 20,000. Of Fresno I am, of course, say little. I have not looked up things so closely here, and have not been in the city for nearly one year, but it seems to me that Gillett stands strongly in the favor of the Raisin City voters, too."

"Bell," continued Mr. Lynch, "Why, no one can deny that he is a most capable man and makes an excellent man in the field. Yes, he is strong in many parts and with many classes. He is just the kind of man who takes well with a good many, and he's a first class campaigner of ripe experience, although a young man. He will do very well in most parts of the southern part of the state and also in San Francisco, and at the close of the campaign will no doubt give a good account of himself. This will also apply to William H. Langdon who, in like manner, has his followers standing ready to push him to the front with considerable strength."

"In your Fresno man, W. B. Williams, the candidate for state treasurer, there is hardly a doubt in the world about him. He is regarded as one of the surest men on the ticket. Fresno is thought a good deal of by the Republican party and instead of his coming from an interior town, being hampered in a sense, it really helped him in many ways in his campaign. He has just as strong, if not a stronger chance of winning out than if he came from San Francisco, Los Angeles, Oakland or any other of the larger centers. I must say that he is apparently a capable man and has everything in his favor, including youthfulness and ability. Fresno has put forth a good man, and can count upon a winner if present indications are, to go for anything."

In speaking of politics generally, Mr. Lynch commented enthusiastically upon the old time political campaigns of the San Francisco before the disaster and that of today. In the rush and turmoil to get a new city over their heads, he said, politics seem to have gone out of the attention of the San Francisco. He is too busy rebuilding his city and making it as good as or better than before to think much about the political enthusiasm, or the exterior demonstrations of what the people think of the matter. The candidates are announced, their merits are discussed, but by their supporters, and possibly their demerits handled in the same way by the other side, and it is all let go at that. Voters pick their choice and when the time comes to do what they can toward getting their men in office, they will doubtless snatch time enough to go and vote for them and then resume their busy work in the rebuilding of the city, without a worry over the matter until the results are announced and the victors pick up their laurels.

Unparalleled Prosperity of Fresno. According to Collector Lynch's opinion based upon official statistics and close observation, the Raisin City is in a higher state of prosperity than has been enjoyed for many years, if not for decades. The price of the natural resources of the county stands at an almost unprecedented standard of market value; the demand for all products of the county is abundant; and an atmosphere of plenty and bounty is the result. But Fresno cannot lay exclusive claim to these good things, he says. The same state of prosperity exists elsewhere. There is, however, one notable feature in this city, and that is the marked improvement to be witnessed after his return visit following an absence of one year. The place seems the remarked, larger, broader, and more jaded looking. Buildings are rearing their heads on all sides on sites formerly remembered as vacant lots. The hotel service is much better and everything seems active and bustling. The one drawback here, as in other spots, is the scarcity of labor, but even that in itself is another added proof of the prosperity of this section of California.

Mr. Lynch is at the Sequoia where he will meet a number of friends today. He will depart tonight.

## COOKS AND WAITERS GIVE A GRAND BALL

Armory Hall Is Scene of the Social Function of the Season in Union Circles.

The Cooks and Waiters gave what may be termed the finest social event of the season in union circles last night in their grand annual ball. Fully 150 couples were present, and the sexes were just evenly matched to remove the barest possibilities of fair wall flowers or envious winks.

Besides the members of the union branch, were a number of others who were the guests of the lodge as family friends, and the scene presented in the armory was one of gaiety and merriment. An elegantly decorated refreshment stand in one corner of the hall was presided over in an able manner by Mrs. Tom C. Seward, assisted by her two charming daughters, the Misses Ethel and Lottie Young, who also won distinction by being among the prize dancers on the floor in more than one set.

The dance was commenced by a grand march conducted in military style with numerous picturesque evolutions carried out without a hitch. The prize winners in the waltz were George Pedrina and his young wife. This young couple also led the march that opened the ball.

The committee on arrangements and management was as follows: Honorary Floor Managers—H. E. Tutin, president; F. M. Shuck, P. P.; J. D. Morris, Harry Weber.

Floor Managers—George Pedrina, Peter Francisco, T. C. Seward, William Sheela, Elmer Moore, Middle Hansen, Anna Lawrence, Harry Conley and members of the union.

Band—J. S. Knechtel.  
Door—Jack Wilkins and Charles Klien.

## E. E. BUSH FOR TRUSTEE

Local Mill Man Has Been Offered Position.

Mayor Says His Fight for Lower Water Rates Makes It Hard to Get Trustees.

Edward E. Bush of the Hollenbeck Bush Planing Mill company will be city trustee from the seventh ward to succeed J. Q. Anderson, whose resignation takes effect on the first of next month, before the next meeting of the City Trustees. Mr. Bush has been offered the position by Mayor Lyon and it is understood will accept it.

Mayor Lyon returned from a two days' business trip to San Francisco last night and stated that he had offered Mr. Bush the position before he left on Monday. He is not certain that Mr. Bush will accept it, but says that he understands that he will.

From the statements made by Mayor Lyon last night it seems that his difficulty to get men to accept the two positions left vacant on the city board has been due to the reluctance of business men in Fresno to take sides with the mayor in his campaign against the Huntington interests for lower water and electric light rates. "I intend to force the issue of lower rates this winter," said Mayor Lyon last night, "and few business men want to take the responsibility on this light. I believe that the San Joaquin Power company is holding up the city in the amount that it charged itself as water company for power received from itself as a power company. It is upon this basis that we fix the rates and if we can get at those facts, I shall make a fight for lower rates."

"It seems incredible, but it is a fact that the few business men want to enter into this fight for lower rates and I shall fight the issue to a finish. I have been collecting data from other cities as to how the rates are fixed and when I get a line on how to accomplish my end I will not stop until the city has lower rates for water and electric lights."

The mayor has not yet decided upon anyone to take the place of Trustee Sunderland from the eighth ward, whose resignation was accepted at the same time as was that of Trustee Anderson.

## SAILOR'S LAST LETTER TAKES PLACE OF WILL

Master of Vessel Which Never Arrived Wrote His Wife a Loving Missive.

SAN FRANCISCO, Oct. 23.—A letter containing the last messages of a sailor to his wife, written but a few hours before his vessel left port never to touch land again, was placed on file today in the probate court in lieu of a will, to dispose of the \$8000 estate of Bent O. Lee.

Lee, who was also known as Bent Olson, was the mate of the steamer Centennial, which left the Siberian coast late in March for San Francisco, but never reached here. The letter produced by Mrs. Lee was written from Vladivostok. She expressed hope that everything would go well with him, as his steamer was soon to leave for Alaska, and in concluding his letter said: "If anything should happen to me, I leave everything to you."

It is this simple statement of a last desire on which Mrs. Lee asks for letters testamentary upon his property.

**Stensland's Bank Is Sold.**

## ENJOINED CONFERENCE

Marin Court Interrupted Presbyterian Synod.

Dr. Thomas Boyd Returns from Sessions at Woodbridge and San Rafael.

Dr. Thomas Boyd arrived home last evening after an absence of a little over a week attending the sessions of the Presbyterian synod and of the First Presbyterian church. He expressed himself as being very well pleased with the state of his denomination, as evidenced in what he saw at the annual sessions.

"The chief feature of the session of the California synod," said Dr. Boyd, "was the invention of the civil power of Marin county to prevent any further progress in the steps toward the permanent union of the First and Cumberland Presbyterian churches. The synod was sitting in San Rafael, and while there a conference was held with a committee on union from the synod of the Cumberland Presbyterian church. Discussion of certain business arrangements attendant upon the union of the churches was in progress when notice was served on the gathering that the Superior court had issued a temporary injunction that would prevent anything being done, and the conference was brought to an abrupt close."

"The session of Presbytery was held at Woodbridge in San Joaquin county. One of the principal things done was the change of the name of the Presbytery. Ever since its organization it has been known as the Stockton Presbytery. It has been felt, however, that this was a misnomer, and the name of San Joaquin will be much better, as the Presbytery includes all the San Joaquin valley, from Stockton on the north to the Tehachapi on the south."

"Of importance to the growth of Presbyterianism in the future is the creation of the office of Presbyterial evangelist. The holder of this position will hereafter be the general superintendent of district work between sessions of the Presbytery, with special responsibility for the mission churches. A number of new churches were established at Lemoore, Corcoran, Coalinga, Angiola and Springville."

There were 250 present at the session of the synod at San Rafael, over which Dr. D. W. Moore of Santa Barbara presided. Reports received showed a flourishing condition in all parts of the state. One of the features of the program was the installation of Professor Wicher as instructor of New Testament Greek in the seminary at San Anselmo.

"Among those present at the synod were three of the strongest men in charge of departments of Presbyterian work the country over. These were Professor Scamlin, in charge of the work for temperance, Professor Alexander Henry of Philadelphia, in charge of the Sunday school work, and Robert E. Spear, who is responsible for the department of foreign missions. The latter is making a tour of the Pacific coast, and will speak in this city tomorrow (Wednesday) night."

After the close of the regular session of the synod, the members went into retreat at San Anselmo, under the leadership of Mr. Spear. The next session will be held at Mt. Harmon in Santa Cruz county."

## JAPANESE MIDDY RESIGNED BY REQUEST

Only Representative of Japan in Naval Academy Was Deficient in His Studies.

ANNAPOLIS, Md., Oct. 23.—At the request of the Japanese embassy at Washington, Midshipman Asahi Kitagaki of the third class at the naval academy has submitted his resignation, which will be accepted, it is understood. Pending the department's action on his case, however, he has been granted an extended leave of absence. Kitagaki is a son of Baron Kitagaki of the imperial privy council. He entered the American naval academy in September, 1904. His resignation removes the only remaining Japanese midshipman at the academy, the other one, K. Matsukata, having died last August of typhoid fever.

WASHINGTON, Oct. 23.—Inquiry at the navy department brought out the statement that the sole reason for the resignation of the Japanese midshipman Kitagaki from the naval academy at Annapolis was a deficiency in studies. This fact was first reported by the superintendent of the academy in the department, which in turn communicated it to the Japanese embassy, with the result that the young man was requested to tender his resignation.

As an act was passed at the last session of congress prohibiting the further entry of foreigners at the academy, there, of course, he no longer Japanese cadet admitted in his place.

## CLEMENCEAU HAS COMPLETED CABINET

New French Ministry Has Some New Names, Notably a Labor Portfolio.

PARIS, Oct. 23.—The new French cabinet has been completed as follows: Premier and minister of the interior, Clemenceau; minister of justice, Guyot-Dessaigne; foreign affairs, Pichon; education, Briand; finance, Caillaux; war, General Picquart; marine, admiral commandant Lefevre; commerce, Doumergue; agriculture, Ruan; labor, Viviani.

The portfolio of minister of the colonies was offered this afternoon to Millaud in Croix and his acceptance is certain. Millaud declined to enter the cabinet except as foreign minister. He took deputy from Creun, will become civil assistant to General Picquart.

## UNION CARPENTERS LOSE THEIR SECRETARY

J. C. Templeton Leaves After Holding Office for Many Years.

The union carpenters have sustained a genuine loss in the resignation of J. C. Templeton from his office of financial secretary, after holding the post for five years. Mr. Templeton is about to leave for Oakland, where he has accepted a responsible position as foreman on a contract of carpenter work. He has been regarded as one of the strongest and most capable men of the local union organization, being a member of the council of Federated Trades and a forcible speaker on every discussion coming before that body.

At the meeting of the union carpenters last night an expression of appreciation and good will was tendered him after the finishing of the regular routine business.

Seven new members were initiated.

## MAN WITH QUEER NAME ARRESTED AS DRUNK

The startling name of Chester Raiser appears on the police register of drunks last night. He was taken in by Officer Kennedy. Others were James Brown, arrested by Officer Mettall, and E. Smith by Officer Fair.

Another was arrested by Policeman Stevens, who recognized him as a man wanted in Lemoore for some offense not stated to the police here. He gave his name as Peter Olivers. The man was handed over to a constable from Lemoore who was waiting for him.

## SHAW'S PLAN SATISFACTORY

New York Bankers Express their Approval.

It Will Be an Object Lesson of the Benefits of Elastic Currency.

NEW YORK, Oct. 23.—Secretary Shaw's plan to increase available circulation by \$18,000,000 through the deposits with the government of approved securities of that value in place of government bonds, is of interest to financiers, aside from the relief it is expected to bring to the money market, in the fact that it will be a demonstration of the benefits of an elastic currency.

An officer of one of the leading national banks voiced this interest last night. He said he thought the plan would bring good results as an object lesson in elastic currency. He thought the working out of the plan would serve to demonstrate to congress the advantages that follow the adoption of an elastic currency. Congress may also be influenced by this experiment to repeal the law which now limits the Federal reserve national bank circulation to \$2,000,000.

This official said his own bank would certainly take out all the circulation to which it may be entitled under this plan, and he thought that most other banks holding government deposits would take their share of the new circulation or would find other banks to which to assign government bonds in case they cannot for any reason take the additional circulation themselves. It was pointed out that almost any bank would have in its possession or could easily obtain eligible bonds to offer as substitutes for the government bonds which they have pledged as security for government deposits.

Secretary Shaw's plan for an increase in circulation provides for the substitution of the extent of \$18,000,000 of approved securities other than government bonds now pledged as security for deposits. It is provided that the bonds so released shall immediately be used to take out additional national bank circulation.

## GANS HAS RESIGNED WELTERWEIGHT TITLE IN THOMAS' FAVOR

MILWAUKEE, Oct. 23.—The Evening Wisconsin today says: Joe Gans, colored, lightweight champion of the world, and who holds the title of welterweight champion of the world, has decided that hereafter he will not lay claim to the welterweight championship. Gans announced today that he would forfeit his claim to the welterweight title. In Gans' opinion, the title should be won by Joe Thomas of California.

## RAISINS ARE RAIDED IN DARK OF THE MOON

The Mysterious Raisin Special of Yesterday Morning Brought in Raisins of Enrizian Brothers, Which Had Been Swooped Upon in 'he Dark by the Guggenheim Outfit.

By a coup in the dark of the night the Guggenheim Raisin Packing company raided the Enrizian Brothers in the Mt. Campbell tract Monday night and the three mysterious cars and caboose mucking up the "raisin special" brought the raisins to the Guggenheim packing house at 2 o'clock yesterday morning.

W. B. Toomey, the local manager of this firm, led the midnight raid, doing so under cover of night, although yesterday he reportedly denied all knowledge of or connection with the dark of the moon business methods.

When Mr. Toomey was first asked about the mysterious cars he claimed to know nothing about the matter. He said that he was not in town, being in Luckerfield.

Later, when confronted with the facts, he said:

"This is a private business matter between two parties, and I don't think it is any concern of the public."

"Then there is something to it?" was asked.

"I decline to discuss it," said Mr. Toomey.

It being a private business matter between two parties, Mr. Toomey and his gang went to the second party's ranch while said second party was asleep and carried off his raisins.

**A Business Dispute.**

The raid was the result of a business dispute between the Enrizians and the Guggenheim company. The Guggenheim company claims that the Enrizians sold their raisins to it and last Saturday

brought a replevin suit against Guggenheim & Co. to recover eight tons alleged to have been delivered to the latter firm in violation of the contract with the Guggenheim company.

The Enrizians have two vineyards, the Estrella, west of town, and the Mt. Campbell place. The contract with the Guggenheim company was signed by only one of the Enrizian brothers, and it is claimed that it did not apply to the Mt. Campbell raisins.

**Raid Carefully Planned.**

The raid was carefully planned. A special was obtained from the Santa Fe, consisting of engine, three cars and a caboose, in which were twenty or more men. The train was quickly made up here and was run down to Bradley in quick time, reaching there about 10 o'clock. It then backed out on the Wahloke switch and went down near the three Western vineyards. Enrizian's place is only a short distance from that point. Teams had been arranged for and were in waiting. The raid was then made upon the vineyard of the sleeping grower. Three or four trips were made back and forth until his whole crop of some fifty tons was cleaned up in the dead of night. The train to Fresno was then made, and when the special arrived here at 2 o'clock in the morning the raisins were quickly transferred to the packing house.

Without doubt, suit will follow, and possibly a criminal action. In 1902, when the High Five raided the Low Five's packing houses by similar acts of law-

lessness a number of burglary charges resulted.

The Guggenheim company is the same company that last year, during the trouble last year by shipping out in the dark of night, association raisins without paying for them. When the act was known, the firm started with the association. Notwithstanding, the grand jury investigated the matter and the indictment was returned against the Guggenheim company merely for the fact that one of the Enrizian brothers who, for indictment last year, passed for a day's attention, said that he was not in town, and that that was held to disprove him from acting.

**Toomey's Denial.**

Considering the facts of the raid as above set forth, it is following state law by the Enrizians in last evening's raid.

Monday morning of this morning the Enrizian brothers will be in the court, the public's eyes will be turned to the three cars of raisins brought from Bradley by a gang of twenty men, and some in possession from Bradley and several others from other vineyards, but they came in the Enrizian trucks of trade. None of the Enrizians showed signs of complicity, and they were not taken possession of by a midnight coup or by any other means.

"Mr. Toomey does not know what cars came in accompanied by a caboose, as all have been distributed at the packing house by the railroad company. He does not know who was in the caboose other than they were not his employees."

**SEVEN FISHERMEN MADE BIG CATCH YESTERDAY**

A party composed of Poneman, George Maehrer, Eric Captain Thomas, Daniel, Jesse Watton, Frank Nelson, J. E. Bagnale and Fred Adams, returned last evening with a string of 250, the biggest catch of the season. They had their fishing some along the Kings river, but with lures will not drag from them the secret of the hook which gave up such a big catch.

Caught 44, Daniel 28, Watton 28, Bagnale 21, Nelson 61, and Adams 18. The fish were principally bass, but among the number were a number of what are known as Sacramento or lake trout. One fish measured 26 inches and weighed 6 pounds. There were also many others only a trifle smaller.

Without doubt, suit will follow, and possibly a criminal action. In 1902, when the High Five raided the Low Five's packing houses by similar acts of law-

## MIKE FISHER TO RESIGN

Denies Report of Friction in Baseball Club.

Charlie Doyle Will Likely Manage Team Next Season - Fisher Will Finish Season.

Mike Fisher, who is to resign as manager of Baseball club.

Mike Fisher has announced his intention of resigning as manager of the Fresno baseball club and probably of quitting the baseball business. Rumor has it that Mike's resignation was the result of friction between himself and the directors of the local baseball club and it has been current among the fans this week that Mike was to be retired at once but Fisher says that he will stay the remainder of the season with Fresno and denies the reports of friction between himself and the directors of the local club.

The story goes that Fisher was summoned before a meeting of the directors of the local club three weeks ago and told that his services were no longer wanted and that if that time he asked leave to resign. It was stated that Mike would lose his official head at a meeting of the directors of the club which was to have been held last night. That meeting was not held as President Evans was out of town until a late hour, but it is likely that the directors will be called together some time today to discuss Fisher's position.

"It is true that I intend to resign my position as manager of the Fresno baseball club," said Mike last night, "but my resignation will not take effect until the end of the present season. I will finish the season with the Fresno team. The report that there has been friction between myself and the directors of the Fresno club is not true. I have received fine treatment

from the directors of the local club and have no complaint to make. I have never been hampered in any way by the directors of the club and everything has been left to my own judgment. I have given the club and the town the best I have and have tried to save all the money possible under the trying circumstances under which we have been working this year. I do not know at this time just what I will do next season, but think that I will not be in the baseball business. I have several good business chances and will probably accept one of these."

The main reason for the dismissal of Fisher is in the fact that a saving of money can be effected. Fresno, while the poorest club in the Pacific Coast League, is the only club that has a bench manager. All the other clubs are managed by their captains who play ball also and it is thought by the directors that Fresno can save money by adopting the same plan.

On the other hand a bench manager is an advantage to a town of this size in starting in the baseball game with small capital. A manager who does not play ball can give his time to the financial end of the team and can do a great deal toward advertising the town. Fresno went into the baseball game mainly for the purpose of advertising and it must be admitted that Mike Fisher is just master of the art of advertising and has made the name of Fresno resound in every corner of the north large enough to hold a baseball game.

While Fisher has not had a winning ball team this year, it has been followed by the hardest luck that ever followed a ball team. The pitchers have all been sick and Fresno has been playing out of luck. Mike has made some valuable finds for the Fresno club this season. Harry Walters, a discoverer of Mike's, was sold to the Cincinnati club for \$1750. The whole ball club cost Fresno only \$1000. Casey will probably be draughted for \$1000. McGeary is another find of Fisher's and Hoag is still another. Both these men are valuable material for next season.

Fisher will take with him the best wishes of all his friends, who he has made here for his success in his new field.

It is likely that Charlie Doyle will be the manager of the Fresno team next season. There was some talk of getting Charlie Graham, but Graham is in business in Sacramento and would require quite a financial inducement to do the baseball uniform once again. Besides, Graham is the property of the Boston Americans and Manager Tenney or the Boston Eaters would have to be reckoned with.

## BIG OIL DEAL IN COALINGA

Associated Pays \$30,000 for Thirty Acres.

The Property is a Fine Producer, But Has Not Been Worked for Some Time.

HANFORD, Oct. 23. The Associated Oil company has purchased from P. C. and W. A. Sparks and H. H. Hart thirty acres of land in the Coalinga oil field at \$1000 an acre. This is the largest deal that has even taken place in the Coalinga field. The property is a fine producer, but has not been worked for some time.

While Mrs. M. L. Dabrymple of West Fourth street, this city, was driving home this morning she narrowly escaped death by being struck by a southern Pacific train at the Fruit street crossing. She heard a broken man's warning shout and turned her horse in time to save her life. The buggy was damaged to some extent, and Mrs. Dabrymple, being dragged from the rig, was painfully bruised, but not seriously injured.

There are no new developments today in the case of the banked moon Greene, alias Williams, and Harris. The officers are still making a fruitless search for

the value containing clothing, etc., which the conference men allege they hid under a culvert during their flight from Hanford. Mike Dutra, their victim, is still confined to his bed at his home in Grangerville.

The Kings County Creamery of this city has sold out to the Vista Grove Creamery of Los Angeles, which was represented in the deal by E. D. Attwood of Los Angeles. For the present a temporary frame building will be used by the new owners, but as soon as possible a new creamery will be erected on the site of the building recently destroyed by fire.

Rev. O. P. Noble, pastor of the Methodist Church South, has been given a charge in the Cuba district and D. C. Williams will have charge of the Hanford and Lemoore congregations.

Articles of incorporation of the Hanford Water company were filed in the county clerk's office today. The incorporators are as follows: J. S. Robertson, Candlish, J. O. Hickman, Hanford; T. N. Esch, Hanford; S. C. Lillis, San Francisco; and P. McLean, Hanford. This is practically a continuation of the company now doing business in this city.

The Danish Lutheran Church of Central Colony will hold a Bazaar for the benefit of the church at the residence of F. W. Hansen, Elm Ave., north of the church, Wednesday, October 31st. Commences at 10 a. m. Contributions from friends of our church will be received by Mrs. J. N. Rasnussen, Elm Ave., Mrs. E. Kelson, East Ave., Olander, Mrs. H. P. Peterson, West Park, and Mrs. F. W. Hansen, Elm Ave., Central Colony. There will be a literary program in the evening at 8 p. m. Everybody is invited, and don't forget to give us a call. Lunch will be served on the ground.

## An 80c Box of Toilet Soap For 25c

There are 5000 boxes to choose from. It's the buying in such immense quantities that gives this store its price advantages—that enables it to make such startling offers. If this soap came from some obscure maker you might doubt the goodness of the offer, but when we tell you it is "Jergens" soap, the name is sufficient to make the selling lively.

Andrew Jergen is one of the good soap makers of the country, and the soap we sell of his make is the best for bath or toilet use.

There are 8 large bars of perfumed soap in each of these sale boxes; every bar should retail at 10c, but we shall sell you the whole 8 bars for 25c.

The odors include—Savon Zrona, Glycerinated Cold Cream, Savon Violette, Hygiene Toilet, Flemish Tar, English Honey, Extract Rose, Elder Flower.

Many \$7.50 Dress Hats Ready Today

We have had many hands busily at work preparing this sale of \$7.50 hats. We determined in advance to prepare some pleasant surprises for millinery seekers this week.

To give them hats at \$7.50 that could not be duplicated anywhere in the town for the price or even \$2.50 more; and when you see these hats, you will admit they fill the bill.

Among them are hand-made, dress hats in silk finished Velveta, a large broad crown of shirred and tucked silk, trimmed with ornaments, large, real Amazon ostrich plumes and ostrich tips. Many good colors to select from.

Children's Russian Polo Caps \$1.50

They are the popular styles for children's use. Made of real Venetian serge, the crown plaited and lapped on to the brim trimmed in silk cord, rosettes and an imported brush. Colors—navy, cardinal, blue or white.

Wool Hosiery 25c.

For women: a very elastic, soft finished, pure wool stocking; fast black or natural colors; double heels, toes and soles; strong garter tops; nicely hemmed.

25c Hosiery.

An extra nice quality of cotton hose, heavy weight for winter wear; reinforced foot, full fashioned; very strong and serviceable; stocking at a moderate price.

75c Belts 49c.

Leather belts; made of good leather in a fast black dye; all sizes, rich gilt buckle; a number of good styles to select from.

Infant's Caps.

A full line here now, good news for mothers who have been awaiting their arrival. Caps or bonnets; a wide choice and in every price from 50c to \$5.

Fleeced Gloves 25c.

For women: For cold mornings and evenings, for driving or town, for auto-driving; black, gray or brown wool; a very soft and warm glove modestly priced.

Infant's Sacques 75c.

Fleeced flannellette; hand embroidered; white, pink or blue.

Dress Goods Doings.

Silks are in strong demand and we quote for today two excellent specials that should attract a big crowd of silk seekers.

30 inch taffeta silk; rich, glossy black; dyed in the yarn; full width; special, yard, 95c.

20 inch colored taffeta silk; soft chaffin finish; an elegant suiting or waisting silk; worth easily 85c a yard; special for 69c.

32 inch mixed suitings, in small checked designs; colors gray or tan; a wool fabric; special for yard, 22c.

Boy's Underwear 35c.

Good warm underwear for winter use. Mothers will be interested in these garments—they will give such good service. Shirts or drawers, fleeced, clothing section.

Men's Overalls 50c.

A low price considering the high price of good denim. For the workman who wants a rough and ready overall. Nearly all sizes here.

Wool Underwear 90c.

Good wool underwear, for men: shirts or drawers; silk finished; warm and strong; all sizes.

Men's Shoes \$2.50.

The strongest lines of \$2.50 shoes for men sold in Fresno. Shoes that are worth every cent of the price and that will give exceptional service. Shoes in kid or calf skin, light or heavy soles. All leathers for all weathers.

\$2 Spreads \$1.30.

Marseilles bed spreads made from 3 ply cotton yarn, extra heavy, full double bed size, honey comb style. A special price good for lucky Friday only.

5c Buttons.

A dozen of good pearl buttons; every one perfect, sweet-water pearl, for only 2c.

35c Hair Pins.

A box of shell hair pins, crimp style, high finish, heavy body; 6 in the box; today 18c.

35c Hose Supporters. Famously filled, best quality elastic, rubber button, nickel clasp, all colors; special today, 16c.

## Fall Waists, New Showing

Hundreds of pretty waists have reached us in the past few days and will be shown for the first time this morning. It's the constant incoming of new merchandise that makes our women's clothing store so attractive.

Of course we must have a big outlet; if we didn't there would soon be a jam that would stagnate our source of supply.

We depend upon our always reasonable prices to keep stocks on the move. We would sooner sell two waists at a profit of 25c on each than one with a profit of 50c. We will have served more people and served them better.

About these new waists there are French Flannels striped or checked effects, in white, black, navy, red, alpaca; some with plainly tailored fronts, some with fancy yokes of pin tucks; long or short sleeves. There are \$2 waists among them, and you get a choice for \$1.48.

There are wool batiste waists, pretty albatross and fancy wool mixtures; a number of good styles to select from. A popular conceit is made with a fanciful tucked front with clusters of pin tucks and alternating with wide tucks; sleeves and collars to match; French back; \$2.50 waists among them, and a choice is offered at \$1.98.

There are some extremely good looking waists in black, cream, pink, light blue, red, or navy blue. You may have them with the long or short sleeves. The materials are in silk warp batistes, silk finished alpaca; some garment richly trimmed with lace; others plainly tailored. Waists for street or evening wear. Waists worth up to \$3.50 and you get a choice for \$2.35.

## L Adler Suits for Fall here

They are as unlike the usual store clothing as day is from night. There isn't the slightest resemblance between this Adler clothing and that sold in other stores.

Adler clothing is strictly hand tailored; every seam is hand stitched; the clothes are not pressed into shape with a hot flat iron, but are hand stitched so that the shape is always retained.

Adler clothing has the style of Poole of London, of Bullock & Jones of Frisco, of Jim Bell of New York.

The prices are very reasonable. When you consider that you will have to pay from \$35 to \$60 to match the style and quality, and that you buy an Adler suit from \$20 to \$35, you can see how well it pays to make the investment.

We are showing fall styles in the right shades of gray, in the new elephants' hide shade, in the burnt district gray, in the fancy serges, blue with a faint pattern in a plaid effect, hard twisted worsteds in select designs. Hundreds to choose from, and every suit worthy of the careful inspection of good dressers.

Cravenette Overcoats \$12.50 to \$25

Better make your selections now. Don't wait until there is frost on the ground and rain falling.

You can make no mistake in getting a cravenette coat, but you may find overcoats sold as cravenettes that are not.

Priestly makes the best cravenette cloth—B. Priestly of London and New York, and that's the cloth we use. It's light, warm, and drain proof. Our cravenettes are stylishly tailored, useful for a dress overcoat for a wet weather garment.

You save the price of at least one coat when you get one. We are showing them in all the approved ideas. We have ample stocks to select from; that's an advantage in coming here; your choice is not narrow or meagre.

OUR PRICES ARE THE MOST REASONABLE IN TOWN.

We say this advisedly. We have made our own comparisons and we know what we are writing about.

We are ready to convince the most skeptical man in town the moment he calls.
